Based on the type of project, describe your proposal in detail. Use an attached letter for clarity. If this is related to a garden space, how do you plan to maintain it? Specifically, how can our members meet your horticultural education needs? Use the following list of considerations as a guide:

- Indicate an estimated budget for this project.
- Give the names of individuals responsible for purchase of materials.
- List other volunteers {e.g., organizations or groups} who will be assisting with this project.
- With 'what portion of this project will other volunteers be assisting?
- Give the names of individuals responsible for maintenance and care of plantings after plant installation.
- Outline your annual plan for maintaining this project.
- Describe how your project 'will benefit the community, and tell us why you chose the Alabama Master Gardener Association to assist you.

Chilton County Master Gardeners should turn this completed form in to their Project Chairperson.
