

## Finding Answers

### **Master Gardener Handbook**

The Master Gardener Handbook is available and located in the shelves above the counter.

### **Master Gardener Library**

Several gardening books are located in the shelves above the counter in the MG room. Use these for custom notes. No copies may be mailed.

### **Extension Publications**

There are some garden publications found in the lobby filing cabinets. These are limited and we never mail the last copy. Copies may be made and sometimes printed from the ACES website.

### **Extension Sites for Gardening Research**

<https://www.aces.edu/> Alabama Cooperative Extension System

<https://hgic.clemson.edu/> Clemson Extension Home and Garden Information Center

<http://extension.uga.edu/topic-areas.html#g> University of Georgia Topic Areas

We recommend searching university extension sites for research based information. Those in our region will have similar climates.

### **USDA Plant Database**

For US plant hardiness zones and plant information

<https://plants.sc.egov.usda.gov/java/>

### **American Horticulture Society**

For a list of plant associations and other garden resources:

<https://www.ahsgardening.org/gardening-resources>
